CALL CENTER

How do you like working for The Milford Bank?

This is my first job in the U.S. and I truly can't be luckier to work here. My coworkers are super nice and always willing to help. I am immensely proud to work for an institution that gives back so much to its community. I have worked here 4+ years and everyday is a pleasure.

What is the best part of your job?

Working at the call center, I get to talk to so many different types of people. I don't get to see the customers but interestingly I know many by their voices. It's always a pleasure when I can make a difference in their everyday lives.

What organizations do you support and why?

I am very emotionally attached to Food 2 Kids program. Having kids myself, the last thing I want to see is a kid going hungry. The Milford Bank has taught me to give back to my community.

What three words would you use to describe The Milford Bank?

Community, always there, trust.

How do you balance work and family?

I work part time in the afternoons and my kids are older so there is a great balance between my work and family life, also one of the reasons I love coming here to work.

Name something that might surprise everyone to know about you.

I really love dogs. We got our first pet in 2019 and I was super scared and confused but so many of my coworkers connected with me to give me that confidence and here I am, mama of 2 doggies in 2021.
