PLINQIT: A SIMPLE WAY TO SAVE

Millions of Americans have struggled financially during the COVID-19 crisis, specifically, those who lost their jobs or other sources of income. If you are one of the many people who have had to deplete savings to get through the crisis, want to increase the nest egg you already have, or even save for a specific reason, we can help!

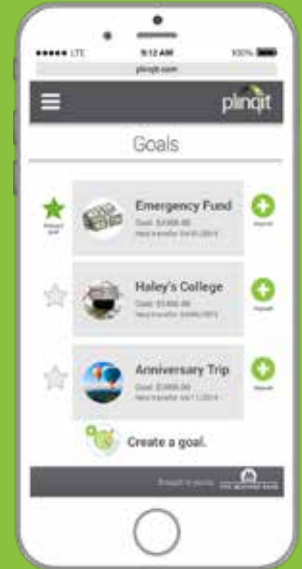

The Milford Bank has partnered with HT Mobile Apps to offer you the Plinqit savings app. To enroll, simply go to milfordbank.plinqit.com to set up your Plinqit account, connect it to your checking account, and set up your savings goal(s). You can schedule a specific amount to be periodically deducted from your account or enter the

total amount you would like to save and the amount of time it will take you and the app will calculate the amount of the deposits.

We want our customers to succeed, so The Milford Bank and Plinqit incent users to become more financially literate and to follow through on their savings goals. By using the tool-builders inside the app, users can earn savings rewards that are added to their Plinqit accounts. Users can also be rewarded for successfully reaching their savings goals – but there are penalties for withdrawing their funds early that are established by you.

Sign up by August 15th. Set a savings goal and get a \$25 bonus upon completion.

Put away money, one little bit at a time.

DO YOUR KIDS KNOW ABOUT MONEY?

The Milford Bank strives to support financial literacy in our community. Centsible Kids is a savings program that encourages young children to develop good saving habits, strengthen financial awareness, and grow up to be financially secure adults.

Centsible Kids is a free mobile app from The Milford Bank that teaches children good saving and spending habits, encourages giving to others, and provides math skills practice.

Kids pick up on the latest trends in a heartbeat. Smart financial skills are learned and practiced. That's why The Milford Bank is providing this fun educational app at no charge to our

community.

Games teach financial knowledge and skills. Kids track spending, saving and giving goals. The app creates positive family conversations around money. Centsible Kids is safe to use and tracks money virtually (the app does not connect to accounts at The Milford Bank).

Centsible Kids is available for Apple devices from the App Store, and Android devices through Google Play. Download today to help the kids in your life #knowmoney!
